25X1		Comment:	
		a. Report confirms that the STEAUSBERG airlield is occupied by a bember unit. From the number of Pe-2s observed at the airfield it is inferred that a bomber regiment is stationed	
		there.	25X1
		regiment was previously stationed in OkaniENSORG. When this regiment arrived in STRALSERRY a decrease in occupation was	
		siguitaneously observed in Otan_ENEURG.	
		b. The buildings on briezener Strasse were apparently occupied by the personnel of the newly arrived bother regiment.	
		According to a previous report, the billet of the 60 of this unit is also located in this street.
